**SUNBORN**  
shading solutions

Sunborn Woven Wood Shades FR are constructed using exotic patterns and woven textures of natural bamboo, rattan, reeds, jutes and wood materials that are blended together to create our innovative Woven Wood Shades. Raise and lower the shade with ease using our standard cord lock system or for larger shades with our loop control system. Top Down/Bottom Up allows for light at either the top or bottom positions. Select from 30 patterns to create unique and naturally beautiful window coverings – all fire retardant. Our woven wood shades are specifically designed for hospitality use and are manufactured to provide carefree operation. Our shades are custom fit to your windows and each shade is tested before shipment to ensure proper function.

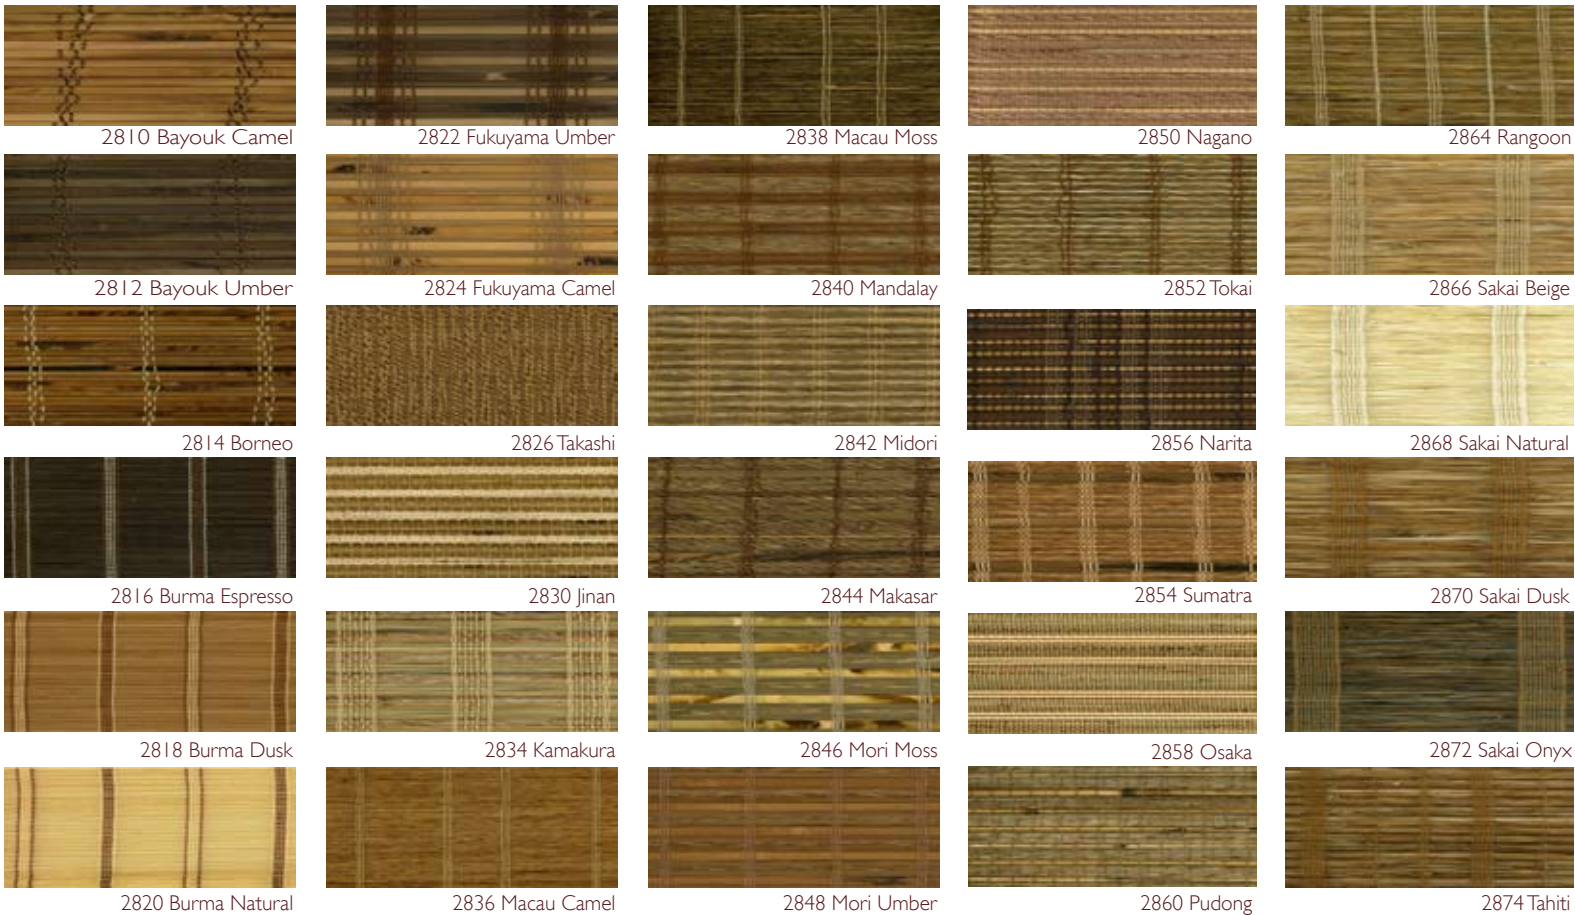

## Features

- 30 exotic textures and colors to compliment any decor
- Standard cord lock lift system
- Self valance conceals the headrail and lift system
- Fabrics available in a wide array of opacity levels
- Widths available from 13" to 96" with a maximum height of 120"
